Agenda

- Welcome
- Background
- Intent
- Trends (Overall)
- What I expect from you
- Friction Points
- IG Trends
- Bottom Line

“Why are you here?”

Welcome

- Glad you're here; hope you are too
- This is LTC, not LDAC
- Why are we here?

Task: Conduct LTC 07

Purpose: To produce contracts in SROTC;
qualify Cadets for lateral entry credit,
motivate them to contract

Potential Questions

- Arrival / Departure Time
- PT
- Work Schedule
- Duality of C2
- Awards
- Garrison vs. Field Duty
- Training vs. Recruiting
- LTs for Extra Duty
- Opening Ranges / Training Areas
- Vehicle Accident
- Medical Incidents
- Alcohol Use
- Cadre “Issues”

Background

- CC/BC 01 <
- LTC 02 >
- What happened after LTC 06
 - Shortened Bold Leader
 - Added First Aid and Heavy Weapons
 - 2LT BOLC Trainer and integrate LT Greening Program
- Need your comprehension, your expertise, but also your total “buy in”
- It is training and recruiting
- Compare: how has your product looked?

Leader's Training Course

Commander's Intent

- Vision:
 - We produce a Cadet who has:
 - Realistic, mature view of the Army
 - Increased their leadership ability
 - Made a commitment to the organization
 - We focus on leader development
 - Mature/Refine Cadets' leadership potential
 - Teach them agile and adaptive decision making
 - Provide “experiential learning opportunities”

Leader's Training Course

Commander's Intent

- Key Tasks:
 - All LTC attendees execute all “qualifying” tasks to standard
 - Motivate Cadets to enroll into MS 301 and make a personal commitment to become an Army Officer
 - Provide ample opportunity for every Cadet to increase their leadership skills and enhance their potential
 - Challenge every Cadet physically, mentally and emotionally; daily
 - Expose all cadets to the Cadet and Soldier's Creed
 - Constantly emphasis Warrior Ethos and what it means to be a Soldier
 - Expose and imbue with the Army Values and Fitness Ethos

Make a thorough assessment of every Cadet so that he/she and the gaining PMS understands the Cadet's strengths, weaknesses and their entry level capacity

Leader's Training Course

Commander's Intent

- Endstate:
 - Graduates ready to contract.
 - Graduates and “completion” Cadets who require little adjusting on campus before contracting.

“What I Expect From You”

1. Ensure the safety and well-being of our Cadets all the time
2. Be a solid example of our Army's 7 Values
3. Execute my vision/intent
4. Come rested; fired up; not business as usual
5. Provide world-class training, mentoring, coaching, counseling, feedback, and assessments
6. Teach basic skills, develop individual leadership potential, and instill values
7. Enforce Standards; ensure they know what right looks like
8. Be where the cadets are
9. Train new LTs on what right looks like; don't leave them on their own.

“What I Expect From You”

10. Stay in your lane but keep all communication channels open
11. Do nothing dumb on purpose
 - No inappropriate relationships
 - No consumption of alcohol, no smoking no chewing tobacco, no dipping, no cursing or any type of vulgar language in the presence of Cadets
 - No fraternization of any type with Cadets
 - No vehicle accidents
 - Avoid any temptation to gravitate to similarity at the exclusion of others
 - Avoid temptations to adjust standards based on gender or any other differences
12. PT 3 – 4 times weekly/Time off
13. Recognition/Awards
14. Make best use of the Cadets’ flex time, down time; must plan

Friction Points

1. STO / DS / CMT / PTO Communication
2. Co Cdr / 1SG / CTO / CTNCO Communication
3. STOs, et.al., who try to be DSs, or Buddies
4. Misused PT time
5. Comparing BCT and LTC in remarks or actions
6. Not task organizing or multi-tasking
7. Being less instructive and more authoritative
8. Failing the Newspaper or Mom test

Friction Points

- 10. Cadet issues, left unattended = no contract
- 11. Being evaluated vs. assessment oriented
- 12. Rigor on steroids
- 13. Short-cutting risk assessment process
- 14. Not using ground-guides; no excuses/non-starter
- 15. Broken CMTs
- 16. Cadre drinking/carousing with new LTs

Moronic Things Cadre Do

- Use a GSA to go to the Thoroughbred Lounge.
- Drink during the duty day while at lunch.
- Having a relationship with a Cadet or Lieutenant.
- “Tough it out” when injured or sick – seek medical treatment if in question.
- Wreck a GSA vehicle through inattentive operation—three times in two weeks.
- Invite your LTs to nice one-on-one dinners, at night, alone for “counseling”.
- Drive a GSA like it is a HMMWV down a muddy trail through woods hitting many tree limbs and getting vehicle hung-up causing damages to vehicle; however, none of the passengers nor driver were aware of how any damages could have occurred.
- Solicit the hotel maids to come to the room while watching porn on the computer. Oh yeah, no porn on computers.
- Leave GSA vehicle unattended, running, and in neutral (Vehicle rolled backwards into dumpsters, causing damage to both dumpster and vehicle).
- As site OIC, leave your site to go “play” at another site—for two days.

IG Observations of Cadet Interviews & Sensing Sessions 2002 - 2006

- Good Cadre
 - Coach & Mentor
 - Participatory
 - Lead by Example
 - Clearly Defined Role
 - Respect Boundaries
 - Respect With Other Cadre
 - Fair & Consistent
- Poor Cadre
 - “Don’t Want To Be Here”
 - On a “Power Trip”
 - Use Profanity
 - Lack Clearly Defined Role
 - Disregard or Demean Other Cadre, or Cadets
 - Inconsistent & Arbitrary Treatment

IG Observations of Cadet Interviews & Sensing Sessions 2002 - 2006

- Cadets Value
 - Challenging PT
 - Bold Leader
 - Mentoring by STOs and DSs
 - Impromptu coaching & counseling
 - Team-building opportunities
 - Identification of standards
 - Adherence to standards
 - Good working relationship between STOs & DSs
 - Fairness
 - Good food & time to eat it
- Cadets Dislike
 - Poor communication
 - Hurry up & wait
 - Changes in training schedule
 - Substandard living conditions
 - Conflict between STOs & DSs
 - Inconsistencies between DSs
 - Varied standards based on race and/or gender
 - Poor time management

Bottom Line

- Understand the mission.
- Understand the context.
- Understand the ROE.
- Execute with the intent.
- Make the Cadets want to “be like Mike.”

Mission

- Support the Command and the LTC mission
- Provide and ensure LTC cadets and cadre receive the best healthcare
 - Medical care coverage available 24/7 for acute minor illness and injury
 - Ireland Army Community Hospital provides the 24/7 continuum of medical care and *emergency* support

GOALS

- Minimize illness and injuries through emphasis on preventive health measures and safety
- Dramatically decrease the need for Safe-to-Train (STT) physicals (by 50%)
 - Campus team critical to this success
 - Use DA 3425-R for those who are not DoDMERB qualified to minimize number of STT needed
- Attempt to clear cadets for training if not qualified or have a change in health status
 - Perform STT physical evaluations on Day 1

Physicals

- Completed/Qualified DoDMERB physicals
 - Preferred status of incoming candidates
 - Ready to start training and able to commit
 - Requires no additional physical exam
- Non-qualified/Incomplete physicals
 - Not performed or not returned from DoDMERB
 - Requires Safe-to-Train (STT) evaluation
 - Cadet may be sent home
 - Coming to Ft. Knox may give cadet a false sense she/he is physically qualified to participate or contract

Safe-to-Train Physicals

- Why a “Safe-to-Train” Physical?
 - DodMERB Physical initiated/completed but not present for review
 - DoDMERB physical not initiated (MJC)
 - No DA Form 3425-R (Medical Fitness Statement)
 - Questionable medical history
 - Change in status since DoDMERB
- Process
 - Executed on the same day identified (Day 0)
 - Cadets complete DD Form 2492 (history)
 - Doctor reviews DD Form 2492 and determines “Safe”/“Cleared” for training
 - Typically a quick, “abbreviated” exam

Garrison

Cadet Medical Care

- Location: TBD
- 0600 hours
- Monday-Saturday
- Closed Sunday (IACH ER utilized last year)
- Staffed by IACH hospital personnel
- IACH Emergency Room provides *emergency* care 24/7

Bold Leader

Cadet Medical Care

- Location: Centralized at each field training area
- Daily
 - TBD
- Staff
 - Medical liaison officer (POC)
 - Physician, PA or NP
 - Combat medics
- IACH Emergency Department provides *emergency* care 24/7

Cadre Medical Care

- TRICARE – Region does not change!
- Primary Care – Info available at cadre inprocessing Make an appointment: (800) 493-9602
 - For acute illness or injury can utilize sick call
 - Routine care (long term problem) – space available basis
- IACH Emergency Department provides *emergency* care 24/7
- New LTs must enroll in TRICARE
- COMTek healthcare coordinated by zone office
- Pharmacy available depending on meds
 - Recommend refills done prior to camp
 - Out of state prescriptions may need rewriting
